

OIL ROYALTIES DUE WYOMING

Back Payments From Leases
on Government Land
Amount to Million

WASHINGTON, March 9.—Back royalties due the State of Wyoming on July 1 from oil land leases on government lands in that state, will amount to over \$1,000,000 and that due California will amount to about \$700,000 according to information given out today by the general land office.

Back royalties collected from the leases in California under the mineral leasing act of 1920 amount to \$6,509,000 of which \$3,809,000 is from leases on naval reserves. The state does not share in the naval reserve royalties, but receives 37 1/2 per cent of all others. California under this regulation will receive hereafter about \$200,000 a year from royalties.

Back royalties collected in Wyoming amount to about \$3,000,000, none of which is from naval reserves.

LEGISLATURE OPENS WARFARE ON JUDGE

LITTLE ROCK, Ark., March 9.—The house Tuesday passed a bill to abolish the division of circuit court over which Judge J. W. Wade presides and sent the bill to the senate, where it was read twice and made a special order.

The action of the legislature resulted from Judge Wade's charge to a grand jury to investigate the morals of the senate, the charge, according to the view of the legislators, reflecting on the honor of the young women employees of the assembly, as well as the members.

Both houses passed a resolution asking the governor to remove Judge Wade from office. Governor McRae replied to the house, the senate having adjourned, that he would hold a quasi judicial investigation in an effort to determine if the cause for removal set forth in the resolution is just.

Articles of impeachment were drawn by a committee of the house and will be introduced soon, it was said.

CANADA WILL SEND CATTLE TO ENGLAND

LONDON, March 9.—At a protest meeting held here, a resolution was adopted demanding the removal of the embargo against the importation of cattle into the United Kingdom of Canadian cattle. Arthur Henderson, member of parliament, declared that Canada was free from the hoof and mouth disease and that the interests of consumers required the removal of the embargo.

Manning Donaghy, minister of agriculture for Ontario, said that if the Canadian farmers were assured of a good reception of their cattle in the United Kingdom a half million head would be sent from Canada annually within the next five years. He added that there was no danger of the United States shipping cattle to the United Kingdom through Canada.

TWO KILLED IN POLITICAL FEUD

Chicago Alderman's Aides
Shot By Daylight
Assassins

CHICAGO, March 9.—A reign of lawlessness, declared to have been the outcome of a political feud, which has terrorized one of the most densely populated wards in the city for weeks, Tuesday culminated in the assassination of two of Alderman John Powers' lieutenants.

Paul Laurich, a municipal court bailiff, was the first victim. He was shot from ambush a block from his home just before noon. He fell with nine bullets through his back.

Harry Raymond, a cigar store owner, was killed two hours later by two men who had entered his store. Two bullets pierced his head and two others his lungs.

Both shootings occurred in a section known as "Death Valley," in the Nineteenth ward and were ascribed by the police to the feud between the Powers faction and that of Anthony D'Andrea, who was defeated by Powers for alderman.

The assassins struck so boldly, taking care to see that their work was finished, and then disappearing, that the police accepted the murders as part of a program of assassination and took steps to guard men likely to have been marked for killing.

WIFE OF PRISONER DIES DURING RECESS

SAN FRANCISCO, March 9.—Cora Chita, wife of Manuel Chita, who was on trial Tuesday on a charge of violating the narcotic law, collapsed and died during the noon adjournment as a result, relatives believed, of fright and worry over her husband's predicament.

Mrs. Chita sat beside her husband during the morning session, going to their restaurant immediately afterward, where she was found dying when Chita and others arrived there. Chita was convicted during the afternoon session of court.

OLDEST CONDUCTOR IN WISCONSIN DIES

MILWAUKEE, March 9.—John Clayton, Wisconsin's oldest passenger conductor, died Tuesday unexpectedly. Clayton, who was 75 years old, was in charge of a train on the Chicago, Milwaukee & St. Paul road since 1864. He took his last run Tuesday, returning from Waterton and became ill shortly after joking with office employees here.

EXECUTION BY GAS PLANNED IN NEVADA

CARSON CITY, Nev., March 9.—A bill providing that lethal gas may be used in executions in this state was introduced in the legislature Tuesday. Men condemned to die in this state are to be allowed to choose between death by hanging or shooting.

Great Britain plans a gigantic hydro-electric plant in the Severn river, to utilize the power of the tides.

DRIFTS 10 HOURS TO TEST SUIT

Oscar A. Youngren of New York floated around among the ice cakes in the Hudson river for ten hours to demonstrate the suitability of his life-saving suit for military use. Jumped in at 11:30 p. m.; got out at 9:30 next morning. He ate his breakfast in the water, as shown above. West Point authorities watched the test.

NEW MARKET FIRM FOR BRIGHAM CITY

BRIGHAM, Mar. 8.—The "Modern Market" company has filed articles of incorporation with the county clerk having a capital stock of \$10,000 with the entire amount subscribed and paid up. The purpose of the organization is to conduct modern markets and packing house business in the state of Utah. The officers are as follows: John M. Iverson, who was formerly with the Hansen Furniture & Music company, president and director; John B. Mathias, manager of Mathias Bros. grocery, vice president and director; Norman Iverson, who has resigned his position at the Brigham City Roller Mills, secretary-treasurer

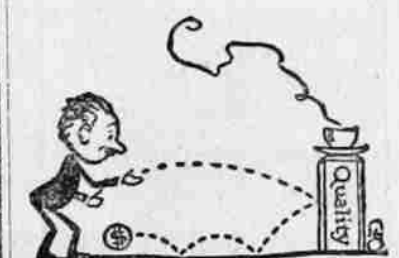

and director; Lorenzo Smith and Melvin M. Mathias, directors. The new firm has purchased the D. L. Reeder store building on Main street now occupied by the Skaggs' grocery and will take possession of this property when the lease expires. This building will be remodeled and all new fixtures will be installed. In connection with his market the firm will operate an up-to-date market on South Main street in the new building erected by Lorenzo Smith last year. The Cash Grocery & Meat company has purchased the Thomas Bosley market in Corinne, with William Sheffield manager.

BRIGHAM CLUB TO ENTERTAIN CITIZENS

(Special Dispatch)
BRIGHAM CITY, Mar. 8.—The amusement committee of the Box Elder Commercial club will entertain the public at the Liberty theatre on Monday night, March 21, with a three act comedy drama, entitled, "The Mysterious Mr. Brown." Special "stunts" are scheduled for between acts.

The Commercial club, as an organization, was never in a better condition financially or otherwise. It is said. There are now over three hundred members in the club. It is the Commercial club that makes Peach Day a success every year. This organization has backed the city council in the new public improvements and the new power house and pipe line now under construction to cost over \$200,000. A force of men is now at work completing the trench work ready to lay the pipe. When completed the new plant will supply 1200 horse power, enough electric energy for all purposes for many years to come.

The Commercial club that promoted the proposition of buying 25 second feet of water in the Hammond canal and extension of the canal south to Brigham City and on to Perry. New undertakings will be accomplished this year—providing the upholders and reformers do not rock the boat too hard. Some would close the card and billiard rooms on Sunday, and they petitioned the board of governors to call a special meeting to vote on the question. Another petition has been filed opposing such action. At the meeting Friday night both petitions were tabled and a motion carried to settle Sunday card playing at the next annual meeting in January 1922.

You pay extra for coffee in vacuum-sealed tins.

No you don't either. You get it back in the extra flavor and full strength—it makes so many cups to the pound.

You get all your money back if you don't like Schilling Coffee—at your grocer's.
